

ANEJA CONSTRUCTIONS INDIA LIMITED

## COMPANY PROFILE

Committed to Excellence

[www.acil.co.in](http://www.acil.co.in)

FROM MANAGING DIRECTOR DESK

We have Incorporated Our Company 20 years ago when we Had mission for  
“Committed to Excellence”

We knew that with every Project we Complete, we would be building a name.  
With every new project we would be building something that we hold very dear  
to ourselves: Our reputation.

And to build that, we knew we would have to build with values. This is why with  
over 120 Site Completed over 20 years we have had but one blueprint, one  
mantra for success.

Build not with bricks, mortar, steel or glass but with values that add worth. Build  
with uncompromising quality that keeps the worth of your investment high as  
time goes by. Keep promises and deliver on time .

It is because of this that we have partnered with some of the leading names in  
Construction and Power Plant Industry . It's why we have endeavoured to bring  
you not just the highest standards but new benchmarks..

# ABOUT ACIL

ACIL has carried out various construction jobs under his own direct supervision and personal control. The works include earth work for Fiat Ltd, canal lining works, river and canal protection works with self-owned machinery. Important works of Hydel Projects, intricate concrete structures, Thermal Power Plant etc .were executed gaining rich experience in canal construction works, Coal handling plants aqueducts, bridges, industrial & residential buildings.

Several works with huge quantity have been executed under this name and style i.e. M/s. Aneja Constructions India Limited . We expanded our field from irrigation works to construction of road works by obtaining our own Plant , Paver finisher and other relevant machinery block of years, required for Road works and Civil Works.

We have the capacity to mobilize manpower and equipments for all kinds of civil works of any magnitude. We have our own fleet of heavy earth moving equipments which includes TATA Hitachi, Hyundai , Caterpillar, excavators, Dozers, Vibrator / Road rollers, Dumpers, Batching Plants , Transit Mixer ,Hot mix Plant for road works, Paver Finisher and other construction as well as heavy earth moving equipments.

We are assisted by a team of qualified and experienced engineers who are well-versed in execution of all kinds of civil engineering projects, with a stubborn commitment to quality and project schedule to the entire satisfaction of all our esteemed clients/consultants both national and international.

Hiring of the heavy earth-moving equipments/ vehicles on short/ long term basis.

-----

Infrastructure Developments

-----

Road Works

-----

Industrial building works

## RECOGNITION

### SAFETY AWARDS DISTRIBUTED BY CLIENT AT RIG SITE

## QUALITY & VALUES

### Our Values

Our core values define the service that we want to provide you with. we would like you to consider us as part of your team - working with you to fulfil your aspirations in every way. Our corporate ideal is to leave a mark of professionalism - whatever we deliver to you.

Four key values are offered through our service:

- Quality - There is no compromise possible when it comes to maintaining training standards in the Construction industry.
- Innovation - In a fast moving industry, we readily understand the importance of keeping one step ahead of anticipating our client's changing needs and providing solutions to satisfy them.
- Expertise - In an uncertain and fast changing world it makes sense to rely on specialists; People who are experts in their field. People who lift the burden, rather than add to it.
- Flexibility - We don't make the mistake of assuming that one size fits all. Often it is the differences that make life interesting. We work closely with every client to identify those differences, refining our support services to meet your requirements.

## QUALITY CONTROL

**FIELD TESTING  
AT SITE**

## **ACIL HSE Policy**

**Our HSE Policy is project oriented. We strive to achieve and meet HSE requirements of our clients in both Public as well as Private sectors during project implementation.**

**In recognition of our safe construction practices, and 3.63 Million Man Hours of Lost Time Accident Free (LTA free) Site Management during past 15 years, we enjoy a preferential treatment from our clients through repeat orders.**

**We are conscious of our responsibility towards mother earth and environment. We work in an e-environment while encouraging our employees and other associates to minimize use of paper and optimize carbon emission through sensible use of fuel and power in our operations.**

**We strictly adhere to HSE compliance enforced by Statutory Authorities under Central as well as State Governments from time to time.**

# SAFETY APPRECIATION FROM CLIENT

## TO WHOMSOEVER IT MAY CONCERN

# SAFETY

**OUR GOAL: ZERO ACCIDENTS : SAFETY IS A VALUE THAT IS FUNDAMENTAL TO OUR CULTURE.**

ACIL has earned an industry-leading record of achieving zero lost-time incidents on projects worldwide. Year after year, our zero accidents philosophy helps put our safety performance right at the top of the industry.

At ACIL, we believe that every accident, and therefore every injury, is preventable, and we embed that philosophy into every project through a combination of technical field procedures and ongoing training programs. Every employee has stop-work authority—if it's not safe, don't do it. We also ask our subcontractors and partners to adopt our commitment to safety and health.

The result is exceptional safety performance, even in hazardous work environments, severe weather, and remote locations. Our dedication to safety helps keep workers safe, and it also pays off for our customers. Their operating costs go down and productivity goes up because less time is lost to accidents. And our people go home to their families safely at the end of each day.
